## Your Social Security Statement

Your *Social Security Statement* shows how much you have paid in Social Security and Medicare taxes. It explains about **how much you would get** in Social Security benefits when you reach full retirement age. If you become disabled and unable to work, you may be eligible for disability benefits. In addition, if the family members who depend on you outlive you, they may be eligible for survivor benefits.

Take a look at your earnings. Your earnings determine how much you get in benefits. **If you find an error, please let us know right away.**

Social Security benefits are **not intended to be your only income source when you retire**. On average, Social Security will replace about 40 percent of your annual pre-retirement earnings. You will need other savings, investments, pensions, or retirement accounts to live comfortably. Use this *Statement* as a tool for planning your financial future.
